PAGP WisdomTree Physical Silver – GBP Daily Hedged

Investment Objective

WisdomTree Physical Silver - GBP Daily Hedged is a UCITS Eligible Exchange Traded Commodity (ETC) designed to offer security holders a simple, cost-efficient and secure way to access Physical Silver while mitigating currency risk. The product enables investors to gain exposure to the Physical Silver spot price, less applicable fees, with a daily hedge against movements in the GBP/USD exchange rate. WisdomTree Physical Silver - GBP Daily Hedged is backed by allocated Physical Silver held by HSBC Bank plc (the custodian). Only metal that conforms with the London Bullion Market Association's (LBMA) rules for Good Delivery can be accepted by the custodian. Each physical bar is segregated, individually identified and allocated.

Index Description

Each individual WisdomTree Physical Silver - GBP Daily Hedged security has an effective entitlement to silver. That entitlement is (i) adjusted by the currency hedge (upwards or downwards depending on currency movements) and (ii) reduced by the management fee and hedging costs. As a result, there is no cash component and the security maintains a direct relation to the value of the underlying precious metal in the relevant currency.

The currency hedge is provided through arrangements with an FX counterparty (Morgan Stanley & Co. International plc) that provides, on an unfunded basis, exposure to the Morgan Stanley GBP Daily Hedged Physical Silver Index (MSCESLBP) which tracks movements in the GBP/USD exchange rate in silver terms. The Index incorporates a fixed exchange rate spread to reflect the cost of implementing the currency hedge; this spread is embedded in the Index level as part of its calculation methodology.

Authorised participants create and redeem the securities by delivering or receiving silver that conforms to LBMA Good Delivery standards. The securities are traded on exchange at a price that is based on the spot price of silver multiplied by the applicable metal entitlement and adjusted by the relevant FX rate.

Product Information

Asset Class	Commodities
ISIN	JE00B84GRH50
Base Currency	GBP
Inception Date	08/09/2026
Currency Hedged	Yes
Management Fee	0.25%

This document is marketing material. Investors should read the prospectus of the Issuer (“Prospectus”) and the key information document (“KID”) before investing and should refer to the section of the Prospectus titled ‘Risk Factors’ for further details of risks associated with an investment in this product.

Potential Benefits

- Physically backed, direct Investment in Physical Silver
- Currency risk is hedged on a daily basis, minimising the GBP/USD exchange rate risk.
- UCITS eligible and fully collateralised.
- Transparent performance and fees.
- Transparency: Metal entitlement is published daily.
- Easy to invest: Everything in one product which does not require the investor to manage storage, insurance or delivery of the metal.
- Risk Management: You cannot lose more than the amount invested.
- Liquidity: Trades on exchange, with multiple authorised participants (APs) and market makers (MMs).

Potential Risks

- An investment in an ETP involves a degree of risk. Any decision to invest should be based on the information contained in the relevant prospectus. Prospective investors should obtain independent accounting, tax and legal advice and should consult their professional advisers to ascertain the suitability of this ETP as an investment to their own circumstances.
- This ETP is structured as a debt security and not as shares (equity) and can be created and redeemed on demand by authorised participants and traded on exchange just like shares in a company. This ETP is not a UCITS product.
- Market Risk: The price of Physical Silver may fluctuate and may be affected by numerous factors including supply and demand, the global financial markets and other political, financial or economic events. The value of securities in this ETP is directly affected by increases and decreases in the value of Physical Silver. Accordingly, the value of a security may go up or down and a security holder may lose some or all of the amount invested but can not lose more than the amount invested.
- Liquidity risk: There can be no certainty that securities can always be bought or sold on a stock exchange or that the market price at which the securities may be traded on a stock exchange will always accurately reflect the price of Physical Silver.
- The Issuer is reliant on there being FX counterparties available to enter into currency hedge arrangements on a continuing basis and, if no FX counterparties are willing to do so, the ETP will not be able to achieve its investment policy of providing a currency hedge. The currency hedge is reset on a daily basis, which means that investors will be exposed to intra-day movements in the exchange rate. The Issuer is subject to the risk that FX counterparties and other third party service providers may fail to return property belonging to the Issuer or pay money due to the Issuer.
- Please see the risks factors section of the Prospectus for a more detailed discussion of the potential risks.

Glossary

Authorised participant: Banks or other financial institutions that act as intermediaries between issuers of securities and other investors or intermediaries. Authorised participants subscribe for and redeem securities directly with the Issuer and buy and sell those securities to investors intermediaries either directly or via stock exchanges.

Currency hedge: A process that aims to minimise the effect that movements in a particular exchange rate might have on an investment.

Exposure: An ETC has exposure to an index or commodity if its value is directly affected by movements in the price of that index commodity. Exposure to an index or commodity can be achieved in various different ways. This ETC aims to provide exposure to the Index using swaps.

Good delivery: Rules for Good Delivery are issued by supervisory metals bodies in order to ensure that metals comply with a certain standard.

Market Makers: Banks or other financial institutions that act as intermediaries between buyers and sellers of securities. They buy and sell securities to investors intermediaries either directly or via stock exchanges.

Physically backed: Physically backed ETCs hold the physical metal that the product is tracking. This physical metal is held in a vault by a custodian bank nominated by the provider and gives security holders a further level of security.

Trustee: The trustee is an independent entity that holds the physical metal on trust for the benefit of the security holders in proportion to each security holder's respective entitlement.

IMPORTANT INFORMATION

Marketing communications issued in the European Economic Area ("EEA") & Switzerland: This document has been issued and approved by WisdomTree Ireland Limited, which is authorised and regulated by the Central Bank of Ireland.

Marketing communications issued in jurisdictions outside of the EEA, except Switzerland: This document has been issued and approved by WisdomTree UK Limited or Atlantic House Investments Limited, which are both authorised and regulated by the United Kingdom Financial Conduct Authority.

WisdomTree Ireland Limited, WisdomTree UK Limited and Atlantic House Investments Limited are referred to as "WisdomTree" (as applicable) throughout. Our Conflicts of Interest Policy and Inventory are available on request.

This marketing communication is intended for all investors; however, the WisdomTree products described in this document and related materials may be restricted in certain jurisdictions and may only be available to particular categories of investors in accordance with applicable laws and regulations. Where a product is not authorised or its distribution is restricted in your jurisdiction, it is the responsibility of any person or entity in possession of this information to inform themselves of, and comply with, all relevant restrictions. Before making any investment, investors should seek appropriate legal, regulatory, tax and investment advice to assess the suitability and implications of investing in these products. Information about WisdomTree products is available at wisdomtree.eu. WisdomTree does not offer investment advice tailored to individual circumstances. Past performance is not a reliable indicator of future performance. Any historical performance included in this document may be based on back testing. Back testing is the process of evaluating an investment strategy by applying it to historical data to simulate what the performance of such strategy would have been. Back tested performance is purely hypothetical and is provided in this document solely for informational purposes. Back tested data does not represent actual performance and should not be interpreted as an indication of actual or future performance. The value of any investment may be affected by exchange rate movements. Any decision to invest should be based on the information contained in the appropriate prospectus and after seeking independent investment, tax and legal advice. The content of this document does not constitute investment advice nor an offer for sale nor a solicitation of an offer to buy any product or make any investment.

This marketing communication should be read in conjunction with the relevant WisdomTree products' Prospectus, Key Investor Information Document ("KIID"), Key Information Document ("PRIIPS KID") as relevant. In particular, investors should carefully read the specific risks detailed under the section entitled 'Risk and Reward Profile' in the KIID, 'What are the risks and what could I get in return?' in PRIIPs KID and under the section entitled 'Risk Factors' in the Prospectus of the Issuer for further details of risks associated with an investment in the product(s) detailed herein. Further information regarding the WisdomTree exchange-traded product(s) detailed herein, such as a detailed list of the underlying investments and the indicative net asset value, can be obtained by visiting the WisdomTree website at (www.wisdomtree.eu).

An investment in WisdomTree exchange-traded products ("ETPs") is dependent on the performance of the underlying index, less costs, but it is not expected to match that performance precisely. An investment in WisdomTree funds is dependent on the performance of the underlying investments, less costs.

Both WisdomTree ETPs and funds involve numerous risks including among others, general market risks relating to any relevant underlying index, credit risks on the provider of index swaps utilised in ETPs, exchange rate risks, interest rate risks, inflationary risks, liquidity risks, derivatives risk and legal and regulatory risks.
